5.4.1 There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services.

The institution has a registered Alumni association and the Alumni Association Cell (AAC) of the institution takes care of its activities. AAC of the institution is run by the students under the guidance of faculty members. In order to facilitate, consolidate, and coordinate alumni activities in the college for the benefit of present students, alumni, and the community in and around Kadapa, the Alumni Association of Sri Hari Degree College holds an "ALUMNI MEET" each year. Since the college's founding in 2010, the majority of its graduates have

been placed well in state governments, national governments, and other countries. In an effort to increase the size of the beneficiary circle and bring students back to their alumni institution, the institution has been encouraging them to join the Alumni association.

Reuniting as many former students as possible and adding them to the Alumni family was the primary goal of the Alumni Day event.

The purpose of the reunion is to rejoice, reconnect with fellow alumni, and exchange diverse successes. It is yet another chance for the graduated students to return to the institution and relive their time there.

1. Contributing to the institute's mission by delivering Guest Lectures in their area of expertise.
2. Assisting the institute with student placement by providing placement contacts
3. Providing conveniences within their respective departments
